

## 2024 Motorsport UK Karting Yearbook – Amendment 6

The following amendments, shown in red text, are made to the 2024 Motorsport UK Karting Yearbook with immediate effect:

### Rotax Spark Plugs

**B4.2.9 and C4.2.9 Spark Plug.** The only spark plugs permitted are as listed and must be unmodified with sealing washer in place: 1.20mm feeler gauge must not fit between the two electrodes:

NGK GR8DI, GR9DI

*At Club meetings only (App 4 B14) until 31.12.2024: Denso IW24, IW27*

Other makes/types may be added to this list by J.A.G. Engineering, details will be published in official bulletin.

**D2.4.8 and E2.4.8 Spark Plug.** The only spark plugs permitted are as listed below and must be unmodified with sealing washer in place:

NGK GR8DI or GR9DI

*At Club meetings only (App 4 B14) until 31.12.2024: Denso IW24, IW27*

Other makes/types may be added to this list by J.A.G.; details will be published in official bulletin.

**Reason for amendment:** *Extension of the previously issued reinstatement of the use of Denso plugs for Club meetings only, due to continued limitations in supply of Rotax NGK plugs.*

Approved: 30 July 2024

**Joe Hickerton**

Technical Manager & Karting Yearbook Editor
